Education

The City College of New York

Bachelor of Engineering in Computer Engineering

Relevant Coursework:

Algorithms, Data Structures, Software Design Lab, Electrical Engineering Lab I and II, Computer Organization, Operating Systems, Electronics I and II

New York, NY

Expected May 2019

Technical Skills

Programming: Java, C++, Assembly Language, MATLAB, HTML, CSS

Technologies: Windows OS, MultiSim, Microsoft Office, Adobe Photoshop, Adobe Illustrator

Spoken Languages: Cantonese (Conversational), Mandarin (Conversational)

Interests: Handball, Computer Games, Travelling

Projects

Profile

Jul 2018

- Built a responsive profile web page using HTML
- Used CSS features such as the box model and grid to design the complete layout of responsive web page

Public Address (PA) Amplifier

Jul 2018

- Designed schematics of audio amplifier on MultiSim for testing purposes before building prototype
- Built a working PA amplifier using resistors, transistors, and capacitors

Relevant Experience

CUNY Tech Prep

New York, NY

Software Development Student

Jun 2018 - Present

- Selected for a full stack JavaScript training program, as one of 122 students out of 400+ applicants
- Learned web development technologies like HTML, CSS and JavaScript

Supporting Experience

Madison Square Garden

New York, NY

Uniform Room Attendant

Sep 2014 - Jun 2018

- Troubleshoot computers and scanners to maintain access to inventory software
- Optimized the efficiency and wait time of distribution by assessing the amount of traffic per employee category and collaborating with fellow uniform room attendants in the reorganization of the uniform room
- Used InvoTech Uniform System to keep an accurate inventory in order to maintain an appropriate stock for all employees
- Collaborated with 5+ supervisors to determine the best approach for different events to ensure that employees are ready to work
- Developed and refined sorting techniques to improve time and efficiency for storage of garments
- Assigned garments, created and heat pressed labels onto clothing to minimize total wait time for employees

Q Tai Long

Brooklyn, NY

Sales Associate

Nov 2011 - Mar 2014

- Effectively communicated with 100+ customers by asking questions to determine a product that satisfies customer specifications as well as push products that are less popular to increase toy profits
- Learned and refined communication and sales techniques to improve sales
- Built relationships with customers to retain future sale opportunities
- Reorganized display to attract more sales
